

RIVERINA

directory

Welcome to the Riverina Food Directory

Riverina Food Directory is an easy way for you to find food that is grown, produced and sold in the Riverina.

RDA Riverina work in collaboration with TAFE Riverina Institute and Riverina Regional Tourism and are sponsors of the TASTE Riverina Festival in October each year. Together we have been developing useful resources that encourage and promote awareness of the abundance and diversity of fresh food grown and produced in the Riverina region. This Riverina Food Directory alongside TASTE Riverina shelf talkers, a youtube educating food retailers and staff about promoting local menus, have all been developed to promote local producers through our region.

The Directory is available for chefs, cooks, purchasing managers and caterers to help source Riverina produce and products for regional restaurants, cafés, pubs and all other food establishments.

Our growing list of Riverina food businesses, makes it easy for you to source and add Riverina's fresh and innovative produce to your menu.store or listing. As the list continues to grow it will be updated on the RDA Riverina website www.rdariverina.org.au

For further information about this directory and any updates contact:

Marg Couch
RDA Riverina Project Officer
Ph: 02 69645513
Email: po@rdariverina.org.au

Riverina Food and Beverage Directory

January 2016

Grower - Individuals and businesses that grow and raise fresh produce

Producer - add value to fresh produce in the form of processing, preserving or packaging

Providers - serve, stock and sell produce that comes from regional growers and producers

Eat Local Menus - chefs using fresh locally grown produce on their menu
